

TJ Turner

Senior Tax Manager – Income Tax

TJ Turner is a Senior Income Tax Research Manager at Vertex Inc., the leading provider of advanced tax technology solutions. He currently manages a development staff of over 40 tax and technology professionals responsible for the development of International, Federal, State and Local Income Tax Compliance and Tax Accounting solutions. TJ is a graduate of Baldwin-Wallace College with a degree in Business Administration

TJ began his career as an auditor for the State of Ohio, while also working on seasonal tax preparation for regional accounting firms in the Cleveland area. He has over 10 years experience working in the tax technology industry where he has lead several initiatives to lessen the burden that tax departments deal with in managing the data used for tax compliance and accounting. At Vertex, TJ pioneered the development of new functionality and services for solutions to support Schedule M-3, electronic filing and additional areas of concern for corporate tax professionals.

Currently, TJ works with his team to ensure that Vertex Income Tax Solutions enable corporate taxpayers to maintain and increase their productivity while staying abreast of the evolving financial and tax accounting and compliance landscape.
